ARETÉ ACADEMY

Equipping and Engaging Asia's Next Generation of Leaders

Integrating professional development and leadership training, Areté Academy is equipping the next generation of leaders with a professional skillset and the right perspective. We are looking for principled individuals that are willing to learn and grow to ultimately impact the future of Asia and the world. Will you join us?

The Programme

Areté Academy - Asia is a five-day intensive training programme for university students and young professionals. The unique combination of training in substantive legal and political instruction, professional development, strategic cultural engagement, and spiritual formation is designed to equip participants to maximize their impact in their chosen fields.

The Academy faculty features Christian thought leaders, distinguished academics, media experts, and trainers from across the world, providing perspective and decades of experience in national, regional, and global concerns.

This training is holistic, focusing equally on the spiritual, intellectual, and relational development of each Delegate:

Spiritual growth—Through daily worship, reflection, and scriptural instruction, Delegates will learn how to fulfill their God-given vocational callings with virtue and character, and explore what it means to be a faithful and effective leader.

Intellectual development—The curriculum will focus on the foundations of law and justice, natural law, and biblical worldview, and explore how these foundational principles apply to current legal and cultural issues. Delegates have the opportunity to study under some of the most renowned Christian scholars and experts in their fields. They will leave the Academy with tools to maximize their credentials and position themselves effectively to pursue God's calling in their lives.

Relational connection—Relationships are forged in living, learning, praying, and participating in small group discussions and workshop settings together. Delegates join a thoughtful community formed between highly driven peers and faculty, an established global community that grows and provides support throughout future academic, professional, social, and political pursuits.

Become a Delegate

Admission to Areté Academy - Asia is highly competitive. ADF International seeks to recruit students and young professionals with the capacity, character, and commitment to profoundly impact their communities. Applicants should demonstrate spiritual formation, integrity, academic or professional achievement, extra-curricular achievements and leadership experience and potential. For all participants who are invited into the programme, the cost of hotel, meals, and educational materials are covered. Additionally, a reimbursement up to \$300 will be provided to each participant for qualifying travel expenses.

August 11-16, 2019: Bangkok, Thailand

40 participants from Asia

Application deadline: April 15, 2019

Decision date: May 17, 2019
